

The logo for VOXTOK MUSIC, featuring the word 'VOXTOK' in a bold, white, sans-serif font with a red circle between the 'O' and 'K', and the word 'MUSIC' in a smaller, white, sans-serif font below it. The logo is set against a dark background with glowing light trails.

## Elipson, Tangent, DiDiT High-end and InProdicon join Voxtok Music

**Montpellier, France – Septembre 6th 2016** – Voxtok provides the best Music Experience to Audio and TV industries through Voxtok Music, a unique audio entertainment suite and its apps for tablets, smartphones, computers, Set Top Boxes and TVs.

Elipson (the well-known 80-year-old French audio brand), Tangent (the Danish HiFi designer), DiDiT High-End (the demanding Dutch audio team) and InProdicon (the Swedish Independent Provider of Digital Content) are joining Voxtok in its goal of bringing a consistent, comprehensive and advanced music ecosystem.

Voxtok Music combines:

- Services & Content: Streaming (MP3 to CD) and downloading (MP3 to Hi-Res) white-label platform, Music Intelligence, Discovery & recommendation, multi-source, Acoustic recognition.
- Products: Co-branded and white-label advanced audio devices, from audiophiles to mass-market, designed by or with Voxtok
- Technologies: for firmwares (multi-room, audio, HbbTV) for audio devices, STB and TVs

Voxtok creates a bridge between audio and TV, like never before.

Voxtok Music has been designed to fit with the TV industry standards and constraints, in order to propose a straight-forward music package to operators and manufacturers.

*"We're so glad to collaborate with such partners, sharing our passion for music and for innovative businesses. Music has always been and is still a big portion of the content everybody is accessing. Voxtok Music is unique, creating a bridge between Music and TV, benefiting from the latest and best audio, multi-room and TV technologies",* says Joel Reboul, CEO of Voxtok.

Elipson, Tangent and DiDit High-End complete Voxtok assets and bring a nice range of products and skills to the band, collaborating in the design and enrichment of Voxtok Music solutions.

The InProdicon's backend is integrated into Voxtok Music, then adds white-label streaming music, from MP3 up to High-Resolution, available worldwide.

*"Voxtok Music includes all our experience, combined with those of our partners, in the same and unified audio entertainment platform. It is the foundation of the state-of-the-art of what can be done in Music services, applied to both audio and TV industries. And this is just the beginning..."*, says Jacques Krischer, Chief Musical Officer of Voxtok.

Some of these features and products will be showcased during the IBC show in Amsterdam. Please, contact us for a private demo.

JOËL REBOUL  
CEO Voxtok

La vitesse de l'évolution des technologies est exponentielle. Les matériels suivent, de plus en plus performants et s'emparent de toutes les nouvelles découvertes, chaque jour notamment dans le numérique. Ce qui se évolue encore plus vite, ce seront les usages. Avant, on se levait pour aller chercher un disque et c'était souvent fastidieux de le trouver. Finalement, on allait allumer sa chaudière, on se plaçait sur la platine ou le lecteur puis on se rassoyait pour écouter tranquillement pendant un court laps de temps. Ce n'était avant. Aujourd'hui votre bibliothèque musicale vient à vous dans votre fauteuil. Ce qui est nouveau également, c'est que ces contenus dématérialisés que vous stockez sont enfin de la qualité de vos supports physiques, CD, DVD, BLU-RAY, voire supérieurs dans certains cas, compte tenu de l'existence de contenus riches en Master audio, comme à la prise de son. Un acteur majeur est Français, vous l'avez sans doute rencontré au Festival Son et Image, c'est Joël Reboul de VOXTOK.
